

The Earth System Song

Oh, the sun is shining down, shining down, shining down.
Oh, the sun is shining down, in the Earth system

Now, the water's going up, going up, going up.
Now, the water's going up, in the Earth system.

Now, the water's making clouds, making clouds, making clouds.
Now, the water's making clouds, in the Earth system.

Now, the clouds are making rain, making rain, making rain.
Now, the clouds are making rain, in the Earth system.

Now, the rain is falling down, falling down, falling down.
Now, the rain is falling down, in the Earth system.

Now, the soil is getting wet, getting wet, getting wet.
Now, the soil is getting wet, in the Earth system.

Now, the plants are growing up, growing up, growing up.
Now, the plants are growing up, in the Earth system.

Now, the animals eat the plants, eat the plants, eat the plants.
Now, the animals eat the plants, in the Earth system.

Now the leaves fall off the trees, off the trees, off the trees.
Now, the leaves fall off the trees, in the Earth system.

Now, the leaves turn into soil, into soil, into soil.
Now the leaves turn into soil, in the Earth system.

This is how we all connect, all connect, all connect.
This is how we all connect, in the Earth system.
