# Graphic Organizer Suggestions

You can draw your own graphic organizers or get patterns from your teacher. Here are some ideas to get you started. Try to use a different kind for each book.

Graphic Organizers
- *Venn Diagram*
- *Character Map (Biographical Information)*
- *Nonfiction Storyboard*
- *Story Map*
- *Flow Map (Sequence of Events)*
- *Tree Map (Main Idea and Details)*
- *Cause and Effect Map (Reasons for Events)*
- *KWL Chart (Know-Wonder-Learned)*
- *Time Lines*

Foldables

Foldables are like 3-D graphic organizers. They are created by folding and cutting paper to make a graphic organizer for displaying information. They often have flaps that can be lifted to reveal information. Be creative!

You can find examples of foldables in most of our textbooks. Just adapt them to fit your own information.
